

Website Name:

STAY Connected: A Stray Kids Fan Hub

Description of Topic:

Stay Connected is a fan website dedicated to Stray Kids, the popular K-pop group under JYP Entertainment. This site will showcase information about the members, their music releases, concert updates, and fan interactions. Fans will be able to browse profiles of each member, view discography details, and watch highlight videos. To make the experience interactive, this site will include a gallery and community page where fans can share comments and memories. STAY Connected will serve as both a resource and community hub for “STAY”, the official fandom of Stray Kids.

Pages:

1. Home - A landing page with the latest news, updates, and highlights about Stray Kids.
2. About the Members – Individual member profiles with bios, roles, birthdays, and fun facts.
3. Discography – Albums, singles, and track lists with links to music videos.
4. Media – Photos, music video screenshots, old V-lives(lives), Bubble updates (ways to keep updated directly with Stray Kids)
5. Community Page – A fan interaction page where users can leave comments, share favorite songs, rank their top Stray Kids tracks, or interact in any way with other STAYs.

Data to Store, Manipulate, and View:

The website will store a database of Stray Kids’ music and fan contributions. Specifically: - Member Data: Name, stage name, role in the group (rapper, vocalist, dancer, producer), birthday, and profile photo. - Discography Data: Album title, release date, track list, cover image, streaming links. - Fan Community Data: *Username *Comment or message text *Favorite member or song (optional) *Timestamp Fan comments will be displayed on the community page, with the ability for registered users to post new comments or delete their

own. An admin account will be able to moderate inappropriate comments/posts. This ensures the site remains a positive space for fans.
